

FERONIA

SIDEBOARD

Design: Renato Casoni

A piece conceived in a way that the simple shapes highlight the wood as a decorative material, without rejecting originality and functionality.

It can be made with two different wood essences, natural or brushed, that stress its versatile and contemporary character.

The sideboard features two couples of concertina closing doors, where veneer matches that of the plinth.

SIZE:

Length

78 3/4" (200 cm) standard

70 7/8" (180 cm) compact

Height

31 1/2" (80 cm) standard

28 3/8" (72 cm) compact

Depth

19 3/4" (50 cm) standard

17 3/4" (45 cm) compact

STRUCTURE

the case is built with poplar blockboard 3/8" (10 mm) thick and poplar blockboard 1" (25 mm) thick, with 45 degrees joints at the edges of the top cover. Doors are made of poplar plywood with coupled veneer. Back panels are made of veneered poplar plywood 5/16" (8 mm) thick. The plinth is made of veneered poplar blockboard 1" (25 mm) thick. Veneer is cut and coupled with book effect symmetry over all the exterior elements.

DOORS

One aluminium rail with wheels grants the doors to slide sideways. Hinges for concertina closing are mounted on the back side. The upper part of each door is cut with an angle for better handling.

INTERIORS

one fixed divider in the middle, 1" (25 mm) thick, and two shelves, 3/4" (19 mm) thick, each one with adjustable height $\pm 1\ 1/4"$ (32 mm), thanks to four removable polished steel pins. Internals are made of poplar blockboard with tanganica walnut veneer.

FINISH

GLOSSY: polyester or acrylic coating.

SATIN: polyurethanic coating.

MATTE: acrylic coating with wax effect.

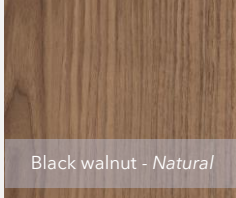

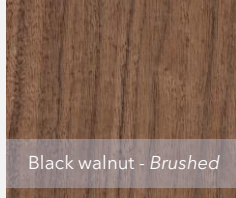

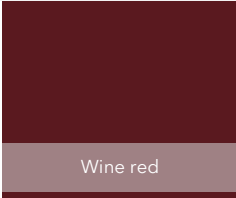

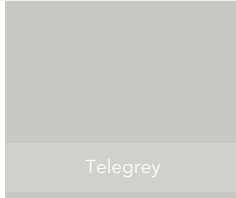

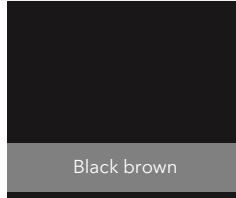

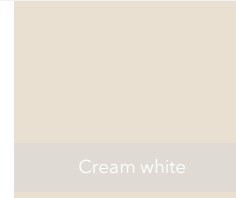

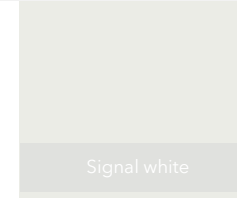

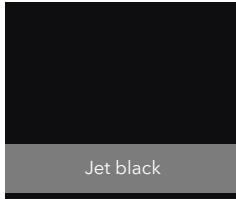

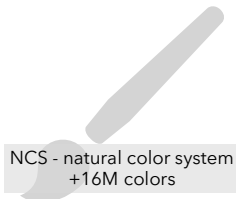

Metal finishes of doors and plinth have galvanic coating

Different finishes and metal effects can be available upon request.
