

PARSIFAL

SIDEBOARD

Design: Renato Casoni

The distinctive metal structures and minimalist-style two-dimensional geometries draw attention to the finish, whether it be lacquered, wood or burl.

The Parsifal sideboard is available in standard and free-standing versions, to better enhance the piece importance.

The free standing version features one back panel and six faux drawer front elements, so that the sideboard can keep the same appearance of the front side.

Customization options include multimedia add-ons such as tv-lifters, docking stations for mobile devices and speakers.
