## BED

Design: Roberto Greco

*An enveloping bed with suspension effect, modeled around a customer's bedroom, making it the one of the highest examples of customization of the whole production. The jointless satin-aluminium stripes add a touch of contemporarity to an extremely minimalistic piece of design, and two suspended night stands tend to disappear as part of a single body.*

## SIZE:

### Length (with night stand)

Add 31 ½" (80 cm) to the mattress size

### STRUCTURE

Not self-sustaining, made of poplar blockboard 1" thick (25 mm) thick. The partition of anodized aluminium/PVC flexible stripes depends upon the height of the headboard.

### Height
